

This is a list of the contents of the
Bulletins/Cleveland History journals produced over
the past 50 years.

During this special anniversary year, we thought we
would offer them to our members at a reduced rate
as we are rationalising our stocks.

(‘Special editions’ are not included though as we
don’t have many of those.)

We have quite a few copies of some editions, but
very few of others - if you can’t find the one(s) you
would like, please ask, and we’ll see if we can find
one for you in the stores.
